The destruction of the power plant of the United Railway Company, which furnishes electric power to the Baltimore & Ohio Railway Company in its tunnel, caused serious inconvenience to the latter company within the city limits. Mayor Mc-Lane, however, granted the company the privilege of using steam as a motor power until other arrangements can be made. Scores of telegrams were received by Mayor McLane proffering assistance. They came from mayors of cities, railways and other corporations, and from prominent citizens all over the country. Late this evening Mayor McLane visited

the lower section of the burned district with the idea of familiarizing himself with the conditions existing there and also endeavoring to learn what relief measures will be necessary.

LEGISLATIVE STEPS IN AID OF THE CITY

ANNAPOLIS, Md., Feb. 9 .- The General Assembly met at the Statehouse to-night to consider plans for the relief of the fire conditions in Baltimore. Senator Gill, of Baltimore, introduced a bill authorizing Governor Warfield to declare ten successive to aid property owners and other losers by the fire to get their business affairs in as passed at once and signed by the Governor, also authorizes him to extend the suspension of business beyond ten days if necessary. A bill to make a relief appropriation, which was to have been presented in the House, was laid over until the conditions and amounts needed can be ascertained. The Legislature adjourned and the legislators left here at 10 o'clock on a special train for Baltimore

The relief bill to be offered makes an appropriation of \$250,000 for the relief of the destitute, to be dealt out by the Governor and such commission as he shall name. The bill would have been introduced to-night, but after a conference in the executive chamber between Governor Warfield, Attorney General Bryan and others was decided that to-morrow would be better time. It is a question whether the State has sufficient funds at hand to meet the appropriation. Treasurer Vandiver said he could not tell off-hand, as much of the State's money is tied up in many of the banks which have been burned. It is believed the Legislature will adjourn tomorrow for the rest of the week.

Will You Write a Postal Bright News of Indiana from Journal Correspondents So a Sick One May Get Well?

Send no money-simply a postal card, giving the name of some one who needs help. Tell me the book to send. Then I will do this: I will arrange with a druggist near him so that he may take six bottles of Dr. Shoop's Restorative. He may take t a month at my risk. If it succeeds, the cost s \$5.50. If it fails, the druggist will bill the remedy can do. It is the easiest way to convince you. It is the only way to induce all who need help to accept it.

I make this offer to multiply my cures, and I am willing to trust the cured ones to be fair In the past twelve years I have furnished my Restorative to hundreds of thousands of sick ones on just those terms, and thirty-nine out o forty have paid gladly, because they got well. I pay as willingly when one says I have failed. The remedy is my discovery, the result of a ifctime's work. I have perfected it by watching results in thousands of the most difficult cases that physicians ever meet. I know what My success comes from strengthening weak

nside nerves, and my Restorative is the only emedy that does that. When an organ is weak bring back the nerve power which alone operates every vital organ. It is like giving an engine more steam. I give the weak organ power to do its duty, and there is no other way o make a weak organ well. Can you conceive of a sick one who will neglect such a treatment, when I take the entire Address Dr. Shoop, Box 8790, Racine, Wis.

CLOUDBURST RESULTED IN CAVE-IN OF MINES

Overflowing Creek Then Flooded Them to Depth of Two Feet, Cutting Off All Work.

Special to the Indianapolis Journal. PETERSBURG, Ind., Feb. 8.-The cloudburst early Sunday morning is held responsible for the caving in of the Little's mines, among the largest in the E. & L. the First Presbyterian Church at Lafayette division, and shutting off the employment from 1866 to 1870, and the body will be taken of 200 men. A small creek in the bettom mense volume of water that fell was carried into the mines, filling them to a depth

It will take some time to pump the water out, and a new channel is being dug for the around the cavern. The loss to the mines, which are the property of the S. W. Little Coal Company will reach into the thou-

FINAL DITCH REPORT

Made in the Mitchell Drainage Canal Case in Tippecanoe.

Special to the Indianapolis Journal. LAFAYETTE, Ind., Feb. 8.-Another chapter in the Mitchell drainage canal case developed in the Superior Court this afternoon when O. N. Benson, the present drainage commissioner, handed in his final report and with it his resignation, ordered by Judge Vinton in December. A new commissioner will be appointed by the court soon and a complete investigation will be made of the state of affairs. Remonstrating farmers of Lauramie township declare \$100,000 was wasted in constructing ditches which were never completed. The work was begun under the administration of Commissioner M. W. Miller, now assistant secretary of the interior.
